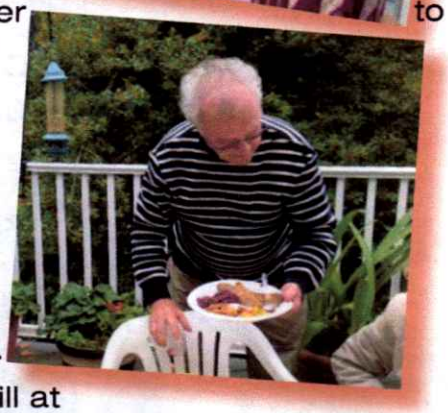
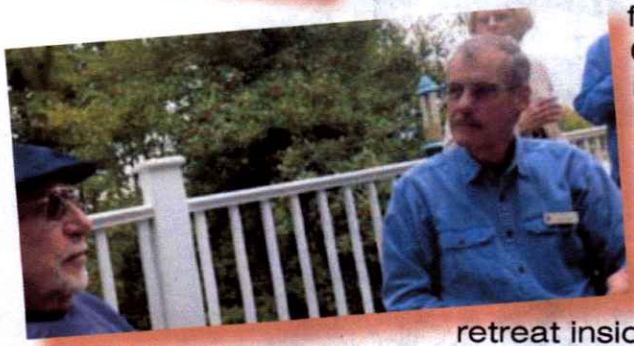
OCTOBERFEST SATURDAY

started out as glorious sunny fall day and as 29 CBC-ers gathered at the lovely waterfront home of the Clopps for happy hour and wine tasting the outdoor deck was a perfect spot to schmooze! As you can see from Ted Reinhold's pictures the tables were set with autumn colored cloths and pots of brick red chrysanthemums. A newcomer to the Clopp household greeted everyone and the dog lovers in the crew took to the new golden doodle pup with gusto, and vice versa! Bob took folks on tours of his very impressive wine making areas and amazed everyone by saying he had been winemaking for 40 years! I think he has perfected his art.



Bob grilled the sausages, and the table was laden with Octoberfest goodies... (except for George and Clary's Sauerkraut which was still at home in the Thomas kitchen.) Didn't seem exactly right without sauerkraut somehow, but there was plentiful assortment of great food for all.



Clouds came rolling in a bit later and a chilly breeze picked up from the northwest. Hardy souls ate their suppers on the deck but more than a few beat a retreat inside the glass doors and out of the wind.

It was a lovely party and everyone had a grand time. Kudos to Prue and Bob for such a lovely event.
