There's a lovely Bristol 32 for sale! Her name is MOON SONG and she is quite a celebrity.. as her monthly cruises are written up in the Chesapeake Bay Magazine. She has a brand new Imron coat on her hull and topsides, and is graced with double lifelines. She has a furling genoa and full spinnaker, a tiller for the purist, is fully cruise equipped and sports an inflatable dinghy. This boat is berthed in Reedville, VA, but comes up north very often. The owner is a former club member, Dick Gertermiller, and his phone number is 804/453-3688

 (almost!)

this is from an
 article on the
 Washington
 Marathon in
 the Post. On
 November 4

The crowd clapped rhythmically. The lead runners already were nearing the finish but these—many slowing, a few walking—gladly accepted the encouragement. It was raining and it was cold, and most of all, it was uphill.

Carolyn Serfass, with her three little children bundled, and Kathy Morrissey, with her two little children wrapped, already had cheered two friends from Canada and others from Virginia and Morrissey's husband, too. "This," said Serfass of the infants they held, "is Andrew Serfass' and Leigh Morrissey's first marathon.

"Everybody's looking good," she added.
