VOLUME 26
ISSUE 3

MAY, 1999

On a lovely Breezy evening in April a small dedicated group of Bristol Club Members gathered in a terrific upstairs room at Weber's Restaurant in Baltimore for our official season's opener. At cocktail time in our own private upstairs bar, we munched on black tortillas and salsa as we sipped our favorite drinks and caught up with everyone's springtime doings. This year's directories were ready and waiting and Adam and Elizabeth Canalungo were hoping to distribute some of the name tags they have been toting around on LIVELY LADY for ages.

Our commodore, Tom Finnan, was our genial host while Carole collected the checks for our very special dinner, and our past commodore, Art Bertapelle and Fran were very relaxed now that they are relieved from their administrative duties, and anticipating their Italian junket. George and Clary Thomas were enjoying the terrific meal and George announced that L. B. QUEEQUEG had already been out for a sail! George is certainly one of the earliest early birds. Two very svelte Pattersons joined the party, as did the Kennards, and also up from Annapolis were Mike Nathans and Marcia Goldstein-Nathans who are busily building up their fleet to four boats...the newest being an ODay day sailor. Joe and Jay Heidel both looked marvelous. Jay is taking long walks each day and looks like her old self, and Joe, who traded in his stressful job as High School Principal for a much calmer position, was really enjoying an easier lifestyle. His camera was busy catching impromptu moments (we may regret!) Dave and Wendy Hamnet were in great good spirits, and John and Mary Ann McLaughlin were really savoring their supper..... except for a few pieces of exceedingly tough rolls... that defied all attempts at dismembering, the only miscue in a truly gourmet meal. (We eventually got some good slices of French bread...) Dick and Ruth Boecker looked as elegant as usual but son Dick had to leave his family at home. The Boeckers have been installing, themselves, a teak rub rail on DAPHNE to protect that beautiful pale green hull from the mars and scrapes of the cruising life.

Jim and Jane Turner were there, with the treasurer's official checkbook, and we were concerned when they left quite late. It is a long drive back home for them. Bill and Beryl Flynn were pretty close to home so could hang around to the bitter end. Everyone was delighted to meet Tom & Kathy White; new members and proud owners of a Bristol 40, AGAPE', who were attending their first CBC affair and we were delighted to meet them and encourage them to come to our rendezvous on the water.

After dinner our Commodore, Tom, presented delightful and unexpected gifts to some folks who are helping the club to prosper in this its 26th year. Our Treasurer, the Secretary, the Membership Chairman, and the Publications Chairman received unique burgees with the Bristol Symbol and a special symbol of their responsibility. There should be some marvelously decorated boats this summer !

For those who passed up the spring dinner this year... you missed a dilly! The salad was fresh, crispy and tasty, the salmon superb, and the lamb out of this world! The dessert was delectable ! Weber's did a wonderful job.

**sharpen up your palate! Special events are
scheduled for May 15 in Harness Creek. Read on to
learn about all the fun things in store for you.**

Wine Tasting Contest

*to be followed by
A Wine & Cheese Party
Saturday, May fifteenth
4:00 p.m.*

Harness Creek

*Please bring your favorite
bottle of wine and join us!*

Your hosts for this rendezvous are Tom and Peggy Carey, and they will furnish wine for the tasting, a prize and a festive scene for all. After the wine tasting bring your own wine and cheese and crackers and settle down to a truly serious wine and cheese party. There is plenty of room in Harness Creek for a large gathering and early in the season there should not be large crowds in the creek and the banks of Quiet Waters Park will be lovely.

Harness Creek is on the north side of the South River, before you reach Red #10.

Whatever
makes you happy.

Steve Schwing has been updating the Bristol Club Web Page and would love to have pictures of our events to put on our page. You can either send them to him digitally or by snail mail.

NEWZ & NOTES

The Schwings will be coming north on June 17 and will be sailing the Bay on a "loaner" boat, a Sabre 36, WINDCHIME, 'til the 25th. The Boeckers will be cruising with them and they have no particular schedule in mind. They would love company along the way. GET IN TOUCH!

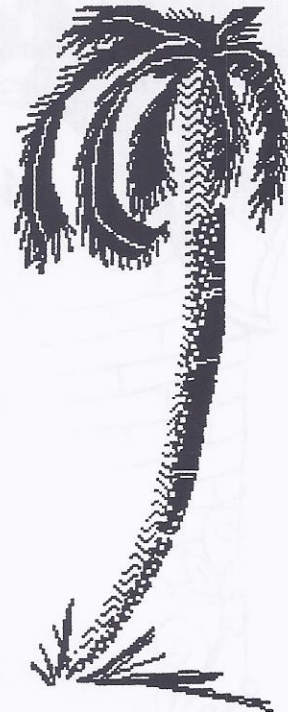

WELCOME HOME
TO PAUL AND MARGE KAVANAUGH..WHO HAD
A FABULOUS TRIP TO FIJI, NEW ZEALAND AND
AUSTRALIA. WE WANT TO HEAR ALL ABOUT
THEIR ADVENTURES

There is a 1978 Bristol 29.9 for sale. It has some pretty great features such as Harken roller furling and a 150% foam luff genoa, a fully battened Main with Dutchman system. all new teak, new tanks and a one year old dodger. The owners are looking for a larger boat to do some major offshore cruising so must part with their lovely boat. If you know of anyone interested in a pretty great boat, pass along the info. and ask them to call:
Janie Cornwell

WE'RE MOVING

After many years of hard work and dreaming of a retirement home and sailing to the far ends of the earth with no real obligations, we are going to do it. Cary has retired, March 31, from Conrail and we are moving to our new home. Our immediate plans are to have no plans. However we are opening our doors to our friends and family and hope that you will join us in Oriental on Gideon Creek with the herons and dolphins. After a May 2, 1999, the following is where you can reach us:

A CORRECTION FOR YOUR CALENDARS.

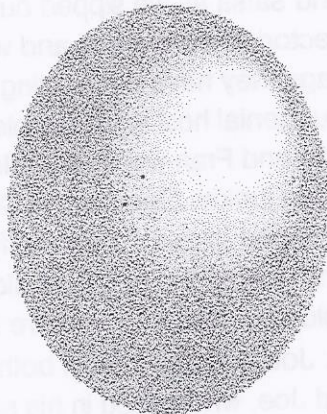

THE SHORE PARTY AT MIKE AND MARCIA'S HOME
ON WHITEHALL CREEK IS ON SATURDAY, JUNE 12.
(NOT ON JUNE 6 AS SHOWN IN THE DIRECTORY)

THIS RENDEZVOUS REALLY LAID AN EGG !

It was a beautiful but blustery day and seven Chesapeake Bristol Club craft navigated through the Spa Creek Bridge and picked up moorings in Hospital Cove. As the harbormaster is rather strongly opposed to rafts there, the captains and crews pulled their dinghies over to party boat PAVANE where Ned and Fayla Sherrer were their customary genial and enthusiastic host and hostess. Craig and Dina Peck came from their LUNE & SOLEIL, Bill and Beryl Flynn from TALISMAN, Mike Nathans and bride Marcia from HIGH ADVENTURE, Dave & Rebecca Burka from TARWATHIE, Bruce and Jane Raymond from CERULEAN, and Adam & Elizabeth Canallungo from their LIVELY

a talking to. Take heed folks !

In the morning wee Cleo took her morning stroll in the cockpit and began to bark and bark and bark. Fayla came topside to quiet the pup who was about to rouse the whole anchorage.... and discovered an amazing scene in the neighboring boat. A lady Mallard had discovered Mike and Marcia's cockpit and was scuttling about in circles when she discovered the winch handle cubby hole in the coaming and decided it looked like a perfect nesting spot... whereupon she settled in and produced an egg! When Mike popped out Ms Duck abandoned her project and Mike wore a pretty astonished expression. There was some talk about a really fresh omelet, but that seemed unkind.

Most folks had easy protected trips home, but LIVELY LADY faced a real bash up the Bay to Bodkin so Adam and Elizabeth. just decided to spend another day in a cozy protected spot.

This is the largest early bird raftup we have had for a very long time.. The lovely warm spring must have made it easier to get everything ready to go.

Norm & Sandra Bogarde were all set on Friday night to join the party but must have changed their minds when they discovered the predicted north winds. Norm said he was just going to go fishing instead. Joel Gross spent his time at Whitehall Marina cleaning up the interior of CHANTEY which had gotten mildly flooded this winter. It must have been a bit of a mess. We feel for you Joel.

Larry Ament spent most of the winter in Longboat Key and he worked at West Marine there. He is off now to the Tortugas then around to the Bahamas. He plans to spend the summer around Beaufort NC.

Henry and Alice good are on their way back to the Bay in their Compromise, and hope to join more of our activities this year. They have a new pied a terre in Florida now.
