The Ranger could scarcely believe his eyes  
When on Saturday, under bright sunny skies  
the sailboats kept coming... then more and more  
'til they filled Granary Creek from shore to shore.  
That night some folks picnicked under the trees  
and some dined aboard in a fitful breeze.

The moon rose full with a brilliant light  
and mirrored the scene in the still creek that night.  
On Sunday the dinghies, like swarming bees  
zoomed here and there, except the Fatty Knees  
which tacked and ran and luffed around  
and occasionally ran aground.

The sailing race was a rousing affair  
and Brooke Perkins won it ... fair (?) and square.

CBC sailors won't hold a grudge  
even though the winner sleeps with the judge.  
Jim Turner and Jackie tried hard for the prize  
but remembered to win they'd have to capsize!

The inflatable race was rather perverse.  
The tubby craft rounded the course in reverse.

The combatants bumped and jostled for gain  
with oars and brooms and oaths (profane?)  
Dick Boecker putt-putted well behind the pace  
but at least could say he finished the race.

At noon, with ceremony, fanfare, and the Rusty Rig Dances,  
forty some teams signed up to take chances,  
and compete for the bronze and silver and gold  
in contests of skill for both young and old.

Each "country" foursome with its bright colors tied  
embarked on every contest with pride.

Thirty O-Limpic "officials" ran twelve Events  
with a bit of bribery and some irreverence  
and in spite of the heat were dressed fit to kill  
in uniform Ts by Beryl and Bill.

The Javelin toss was a clean sweep with brooms  
and the Potato Marksmen produced big booms.

Basketball (at its roots) had the real thing  
and the discus throw required a real swing.

A W.C. seat round his/her neck was slid  
while the contestant spun around and tossed the lid.  
Walking the plank (the balance beam,) was truly not a lark  
as traversing it backwards step by step was also in the dark.  
Archery was a soggy affair with water balloons to shoot  
Team members replaced the bow, and the results were a hoot!

The double plank for four was a teamwork test of skill  
It was right, left, right, left, oops! just like an army drill.

Potato golf required a 'swing' hard and rather mean.  
as someone had neglected to roll and cut the green.

The broad jump produced a few broads in heaps  
instead of true gazelle-like leaps.

A baseball pitch and a tennis volley proved a wee bit tough  
and the Rice-a-Roni 10# Shot Put was more than a little rough.  
Old age and treachery were supposed to take the day  
but youth and talent did rather well anyway.

## COME, ONE AND ALL !

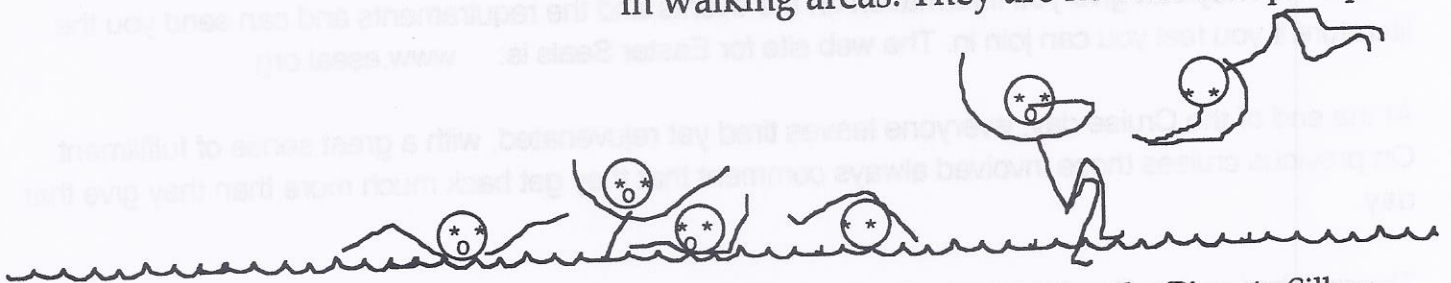

### to the Great Milbur Twenty Sixth Anniversary Shore and Pool Party which will be held on Saturday, July 17, 1999!

Come drop a hook at the head of Cornfield Creek and raft up if the weather is nice. Tie your dinghy to the Mil-Bur Community dock and come up the hill where you will find a nice cool pool awaiting to soothe your sailor's sunburn, and help you unwind from a tough day of cruising the Bay. There is a great volleyball court where the energetic can work up an appetite.

Under the trees you will find tables to receive your donations for the party: appetizers, salads, desserts, or any other goodies to share. There will be charcoal in the grilles for your grillables and the club will have on hand all kinds of paper goods for your suppers and beverages.

BYOB is the order of the day and ice if you will need it.

Dogs are respectfully asked to stay afloat during the party..... but may come ashore early and late to avail themselves of land. Please clean up poochy deposits in walking areas. They are no fun on flip-flops.

**BY SEA:** From the Magothy River to Sillery Bay and into Cornfield Creek north of Gibson Island. Follow the markers on your charts. Don't overlook the small green marker halfway up the creek. The party is at the end of the creek. Look for the burgees.

**BY LAND:** Take Route 100 east to Mountain Road (177) toward Gibson Island. Turn right into the community of Mil-Bur and continue to Milburn Circle where you will find the community center. Plenty of parking.

There will be the usual  
fun, games and  
prizes.

Please Bring  
The Kids!

Bodkin Creek is the destination  
and Jubb Cove is the anchorage.  
No worries mate, The Bodkin is  
easy and there are more marks in  
the entrance than many of the

older charts show. Also, Jubb  
Cove may not be labeled on some  
of the newer charts. Anyway,

after entering the  
Creek and passing  
Flashing Green "11",  
head kind-of SW to  
the Flashing Red at  
the end of Spit Neck. Hang a  
right and pass  
Hammock Island and  
Ventnor Marinas to  
Port. There's a small  
bay to port after  
Ventnors, that's not

it! The Second larger bay to port  
is "JUBB COVE".

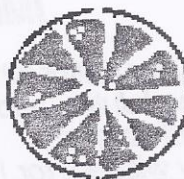

SAVOIR FAIRE will be on station  
by 1200 Hrs, July 31, with a  
"volunteer" control boat ready to  
start receiving  
guests.

We will close the  
raft by  
1630 or so as we want  
plenty of party time.  
Please refer to your  
Sunflower Rafting  
instructions in the directory.

One of our newer members, Irv Furman, has become involved with the Easter Seals Cruise for Kids, is actually a series of cruises that began seven years ago and now has almost a dozen cruises in Maryland and neighboring states. It provides a chance for children with disabilities such as cerebral palsy, muscular dystrophy, and Down syndrome to experience a full day of fun and the excitement of boating. It is the thrill of a lifetime for children who struggle daily to accomplish even the most routine tasks that we take for granted. On cruise day, a flotilla of sponsored boats and children take a cruise on the Chesapeake Bay and then return to port for a festive Captain's Party--- a family picnic with an old-fashioned carnival atmosphere.

The day is life embracing for all who are involved and is an opportunity for many of us to share what we often take for granted.

There are two cruises that our members can participate in this year. One in Baltimore MD, Saturday, July 31 at Harbor View Marina and Yacht Club and the second in Solomon Island MD, Sunday, August 15, at Calvert Marina.

In previous years captains were asked to raise funds for boat sponsorship. Their activities generated much-needed revenue. This year they wish to encourage you to undertake such activities but please understand it is not mandatory to participate. The money that is raised helps offset the costs of the event itself, and any funds beyond that helps to provide for the daily needs of the families receiving Easter Seals services, and all of these funds stay in the community.

You can volunteer your boat for the day, and participate in the fund-raising aspect of the Cruise. You can make a personal, tax-deductible donation.... payable before the cruise date, and seek sponsorship of your boat to raise additional funds.

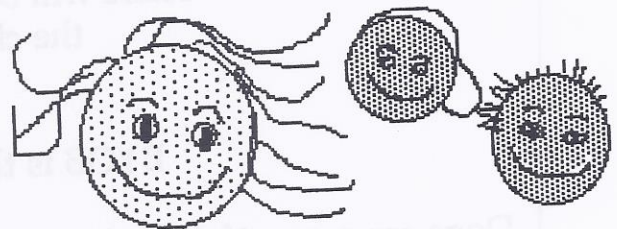

The sign-up forms are available from;

**Easter Seals**

4041 Powder Mill Road

Suite 100

Calverton MD 20705

or telephone Klaus Liebig, founder, at 401-758-3633 or Stephanie DeAbreu at Easter Seals 1-800-886-3771. They can give you information on the events and the requirements and can send you the literature if you feel you can join in. The web site for Easter Seals is: [www.esel.org](http://www.esel.org)

At the end of the Cruise day, everyone leaves tired yet rejuvenated, with a great sense of fulfillment. On previous cruises those involved always comment that they get back much more than they give that day.

The registration deadline for participating boats is July 15 for the Baltimore Cruise, and August 2 for the Solomon's cruise. The sooner you sign up to sail the easier it will be for the Cruise to line up the number of children who can participate.

Here is something really worthwhile . . . .  
and lots of fun too !  
Join in and change a life !

## IT was one terrific Shore Party at Mike and Marcia's

The weather wasn't the swiftest... with sort of an iffy sky on the 12th but that certainly didn't stop our CBC stalwart sailors from attending a good party. George and Clary Thomas were the first to arrive around 2 p.m. but only stayed long enough to say hello to the Canalongos who were arriving by boat. Ned and Fayla came by land yacht as well as Kathy Lewis, Jeanne and Joel Gross and Tom Finnin.

Art and Fran Bertapelle rafted along HIGH ADVENTURE in HALLELUJAH. Paul and Marge Kavanaugh came on BROAD ARROW and Linda and Dick Lewis came on AEOLIA. Mal and Louise Mellington brought Mal's parents Mal (Sr.) and Ruth Mellington. Dick Boecker Jr. single handed on RUSTY RIG and Natalie drove over for a sleep over. Ruth and Dick Boecker came by land yacht as did Dave and Wendy Hamnett, Joe and Jay Heidel, and Andy Lewis.

David Burka was "baching" it, and the Wolfrey family; Stu, Kathy and Zach, fit right in with the party crowd. LUNE ET SOLEIL rafted to the other side of HALLELUJAH with Craig Peck, daughter Leeandra and sister Cheryl aboard. Also anchored out in Whitehall Creek were Bruce and Jane Raymond on CERULEAN, Bob Lehner and Nancy Warner on CALLISTO, John and Mary Ann McLaughlin on LIGHTFOOT, and Ted and Carol Reinhold on RHYTHM, and Mike Gellner, Burt Mullins, and Nhung Nguyen on COTE D'OR. Burt and Nhung are friends from Mike's office... and crew in training. Another couple arrived late from Pennsylvania.... and I'm sorry to say we missed getting their names on the list. Our apologies... but we hope you two had a good time too.

The party broke up around 9:30 p.m.

After a nice long snooze in their berths, about 15 people enjoyed eggs, toast, and fruit on the lawn as breakfast started around 9 a.m. on a lazy Sunday morning.

Judging by notes and e-mails Mike and Marcia received everyone had a good time.

The weekend beginning Friday, June 19, The Schwings: Steve, Susan, Katie & Chris, arrived on the Bay to spend a week's vacation aboard WINDCHIMES, a Sabre 36 owned by one of Steve's friends. They were joined on Friday evening in Swan Creek by RUSTY RIG, with Dick Boecker Jr., Natalie, Ali and Pam, DAPHNE, with Dick (Sr.) and Ruth, and Jane and Jim Turner on LOON. Jim picked up a bushel of crabs in Rock Hall and carried them to Queenstown where the next impromptu Bristol Club Raft up took place. Everybody wanted to see Steve and his family, talk about old times and just plain enjoy their presence in our midst. The original group was joined by Bruce and Jane Raymond on CERULEAN, Mal and Louise Mellington and their niece, another Katie, on DARK STAR and Chip Boecker on his Raven (he built it!) on his first overnighter. As everyone was enjoying supper aboard the beautiful CERULEAN, (at least she was beautiful before twenty people congregated to eat crabs on her deck) a dark blue hulled boat, bearing a large banner, "ACOMES IS BACK", joined the raft. Yes, after three years of refinishing work, Will and Logan Hottle joined the group and are soooooo happy to be back aboard their lovely boat. The Schwings, The Boeckers (Jr) and the Mellingtons planned to sail together the rest of the week.

P.S. The three boats progressed to Tilghman Creek, home port for Chip's Raven, and in a bit of dinghy exploration discovered three more CBC boats in another cove. BONKERS TWO, CARPE DIEM, and CON BRIO were in the middle of a ten day cruise, and did a bit of dinghy visiting in that lovely creek. It was certainly great that all of us had a chance to see Steve and Susan. We miss them and it is great that they can come back to join us now and then.

After noon wonderful aromas spread through the air  
as heaps of chicken were barbecued by a skillful pair  
and by happy hour the buffet table was a pile  
of goodies that made everyone smile.  
Mal Mellington produced gallons of "Goombay Smash"  
Two cups and you could tackle the hundred yard dash.  
(Three kinds of rum and a couple of juices  
a tasty and potent libation produces.)

Awards were presented to those O-lympic teams  
Bronze, Silver, and Gold by buckets and reams.  
For each country and the winners; applause (and some jeers.)  
For Marsha and Chris Kellogg there were rousing cheers!  
Then the Eastport Yacht Club and their No-Talent crew  
presented their 13th annual review.

Words cannot express this enthusiastic presentation  
presented by the Ham-on-Wye aggregation.

A spoof, a satire, pure corn and more  
left three audiences rolling on the floor!

Sandra Bogarde and Peg Carey from CBC  
were tapped to collect the five buck fee.

By eight fifteen, and I do not joke,  
They'd collected from one hundred and ninety folk.

Quite a few picnicked on their own on the site  
So more than two hundred celebrated that night.

The bright orange moon poked up from the trees  
and the afternoon temperature dropped many degrees.

Around ten cleanup began with everyone on the crew  
and the grounds soon looked brand-spanking-new.

Unsnarling the dinghies at the dock down the road  
and loading them up was a real episode.

The sailors embarked full of food, drink and mirth  
and soon their were sounds of zzzzzzzs in each berth.

Farewells were more than just hale and hearty  
as all agreed it was a H--- of a Party!

It was a delight to see Pat & Cary Dickieson and Cary,  
Jr. who had come up from Oriental, NC to pick up  
HIBALL and move her to her new home. Kathy Lewis  
drove in and worked all day as an official at the  
"games" and then cadged a berth on BEAUTIFUL  
DREAMER. Norm and Sandra Bogarde drove down  
as Sandra was recouping from a flu bug picked up in  
Las Vegas. Joe and Jay Heidel came by land yacht  
too and Joe was official photographer for the awards  
ceremony. John Banbury was crew on TARKA for  
the weekend. Bob Lehner and Nancy Warner drove  
too and brought Phoebe to join all the other CBC  
pooches. CALLISTO is being readied for her fall  
cruise to the southland. Tom and Michelle  
Outerbridge brought a very grown up Michael along  
for the fun. .

A MILLION THANKS TO THE EASTPORT YACHT CLUB and our joint members, Bill and Anne Sieling,  
who organized the weekend, and the Kelloggs for the games, and the talented Ham-on Wye crew,  
for the zany show. To the cleaner-uppers on Sunday night and the Flynns, and the Boeckers  
who joined the Sielings in the morning for the final cleanup.
