SPRING KICKOFF LUNCHEON

What a gorgeous day! It was so beautiful that Mike and Marcia Nathans hopped aboard the HIGH ADVENTURE and sailed into Annapolis Harbor. A most loquacious and happy bunch gathered in the dining room of Carrolls Creek Cafe overlooking the Spa Creek Bridge and all the moored boats nearby. Most folks paid no attention to the view as they were

Dave, Pru, and Norm

Marcia, Mike, Dave, Rebecca, Fayla & Ned

busily catching up on the wintertime doings of their CBC buddies, and greeting those snowbirds that had come back north for the occasion. Deb and Ken Coons greeted each arrival, and showed them the spectacular

cake that had been produced for the occasion. It was a beauty from the Main Ingredient. Our Treasurer, Dave Burka, was busy passing out checks for some essential services while his spouse Rebecca was equally busy snapping pictures of all the guests. Norm and Sandra Bogarde were decked out in their "Florida Finery", complete with toe ring for Sandra, and Dick and Ruth Boecker were smiles from ear to ear as they

Carol & Tom

told everyone about their future great-grandchildren, twins for Allison. Our former commodore, Doc Johnson, was also back from the southlands but his spouse, Carol, was busy with other things that day. Ned and Fayla Sherrer were back with every intention of having PAVANE in the water and ready to go this summer. We did miss them last year. Tom Outerbridge brought along his two daughters, Amy and Marilyn, who had spent their growing up years aboard EASTING DOWN, and were involved with all the CBC activities. We always knew they would turn out to be such lovely ladies. Bill and Beryl Flynn who knew them "when" enjoyed

catching up with them, Bill and Beryl were both very busy getting ready for concerts with their Bay Winds and other bands. Mickey and Scott Doran were enjoying the wonderful meal and Mickey joined with Peter Madden to shepherd us through our summer cruise. He took names to make certain he wouldn't be here all by himself! Not to worry.

Peter and Margaret Madden were signing up folks to take an educational cruise aboard the

Logan, Fayla, & Rebecca

Carol Finnin and Frank and Sharon Arsenault caught up with the winter activities of everyone in the happy cacophony in the dining room. Al and Helen Powell, it is rumored, are planning a move to the West Coast...but we hope that they and AVALON will be with us this summer. Tom Trump (minus "Mon Amour", Nancy) joined the hosts and Mike and Georgie Dunn for luncheon. The Dunns plan to be away this summer, cruising New England... we'll miss them too. Frank and Nancy McCabe drove up from Solomons, and

Captain John Smith in the Chesapeake, and the proposal for a water trail following his path along the Bay and it's tributaries. Ken and Deb handed out a great map of the voyages to each one as it was time to hurriedly leave Carrolls Creek. If we hadn't had a specific time to vacate, I think we would have been there for a much longer time just enjoying each other's company.

Many thanks to the Dunns who provided and set up the projection equipment for the video show, and to the Coons who did such a marvelous job of setting up and organizing the luncheon. It was a great party.

sadly, missed happy hour, but arrived in time for luncheon. Paul Kavanaugh reported that the Baltimore weekend planning had changed a bit as there was no hope of getting baseball seats for all. The Yankees had caused such a big demand that folks will just have to get their own seats. Pru Clendenning and Bob Clopp are really working on their new boat to be ready to sail as soon as possible. A new boat has lots of things to get used to, and they will have a ball with OUR TIME.

Our meeting concluded with the showing of a lovely National Geographic video about the voyages of

ABOARD ACOMES.**

We hope you will bring an hors d'oeuvre that somehow relates to the name of your boat—the name itself or some of the letters in the name. Prizes for the tastiest goodie and for the most creative name will be awarded.

To get there: Head up the Severn River to Round Bay. (The river's two bridges have 60' and 80' clearance so everybody should be okay). On the west side of Round Bay look for St. Helena Island, a private island located right in the middle of Little Round Bay. You can anchor anywhere in Little Round Bay in reasonable protection, staying clear of the cable area to the west of St. Helena Island.

Ken and Deb Coons aboard Loligo will probably be tucked south of the cable area and will be looking for everyone from 1400 on. We'll be monitoring VHF 9—or call Ken's cell 443-370-9911.

SEE YOU THERE!

SATURDAY, MAY 28

Start of the summer cruise:

AHOY BRISTOLEERS! LET'S GO CRUISING!

The Summer cruise has been charted with quality sailing, short distances, beautiful anchorages, cheap dockage, and endless vodka/tonics/pino grigio libations in mind. Oh yeah.....and no rain, "warmish" beer clogged filters or bad ham.

That meant the Eastern Shore,(mid bay), and the Patuxent river to Battle Creek became the focus and limit of our explorations.

Planned destinations are only as solid as the bottom of the Inner Harbor! That

means that we are very flexible. Cruisers are encouraged to break away and re-enter as their schedules permit. Enough stops in or near populated towns, (Oxford, Solomons, Madison) offer the opportunity to rest, recoup and reflect..... right!

Here it is:

Questions, comments, suggestions, criticisms to Capt. Madden or Capt. Doran..

Hope to see all in St. Michaels on the 28th.

Here's to fair skies and following seas.

Some of you might have wondered why Ted and Carol Reinhold didn't make it to the spring Luncheon. It takes something really special for those two to miss a CBC affair. It seems that they were on the high seas crossing the Atlantic from the Caribbean to Barcelona in this fantastic sailing ship. Must be frustrating to not be able to do the sailing themselves.

Rich Segermark has developed a truly neat removable "tiller" for sailboats to use when they have removed their wheel to make room in the cockpit. It is simple and efficient and should have lots of uses in anchorages or at happy hours etc.

It was featured in an article in Cruising World, but your editor couldn't find it today to pass along to you. If this intrigues you give Rich a call and he can tell you all about it.

NAUTICAL NOTES AND NEWS

A most beloved sailboat is for sale. She was present at almost every CBC gathering for many, many years except for the time she took off for the Bahamas bearing lots of TP, paper towels, food and Marsha's guitar.

EASTING DOWN is a Bristol 35, a John Alden classic design, custom built to the original owner's specs in 1972. She has roller furling, a full batten main with slab reefing, lazy jacks, a main sheet track, Dyform rigging, Lewmar 40 self tailers, a 1979 Volvo Diesel, a propane stove, an aluminum fuel tank, and an s/s exhaust. Included in the asking price of \$30,000 is a dinghy with motor..

If you know someone who is interested in a tried and true vessel that is sturdy and beautiful, call Tom Outerbridge at 410-267-6853

Paul Kavanaugh looked into what would be required to get tickets for the CBC through the Internet for the Orioles vs. Yankee game on Saturday, 29 September. Much to his amazement, most of the tickets in the \$64 to \$109 range were available in small groups, but too small for us all to sit together. The day after the season opener and already most of the tickets he hoped for were gone. By then the lowest priced grouping was in the \$64 to \$109 range.

Because of the demand for tickets for that game members will have to get their own tickets. Paul used TICKCO to find out what was available, but it was not encouraging.
