

**THE SUN CAME OUT AND IT WAS A BEAUTIFUL DAY** for our spring kickoff luncheon at pirates cove on April 25th. Everyone arrived right on the dot of Noon and there was a beautifully noisy and happy crowd around the hors d'oeuvre table as waitresses took beverage orders in the crowd of friends greeting friends and catching up with the past winter doings. Marty Keegan and Peter Bittner were our hosts for the event and welcomed all (as we paid up!) Here are the attendees..... in alphabetical order:

Sharon and Frank Arsenault, (who were preparing for a 6 week tour of the US by land yacht), Tom and Elinor Adensam and two guests, (long time sailing friends), Marty Keegan and Peter Bittner, Sandra and Norm Bogarde (fresh back Florida all tanned and healthy), Rebecca and Dave Burka, Prue Clendenning and Bob Clopp (full of tales of their junket to Panama and Central America with the Kavanaughs), Deb and Ken Coons, new member David Crosland, Scott and Mickey Doran and their two guests, Tom Finnin, Beryl and Bill Flynn, Janet and Bruce George (quietly admitting that they had sunck off to the boat show and looked at a trawler. Didn't impress them much..), Joel Gross, Marge and Paul Kavanaugh, Shirley and Hunter Kennard, (bearing new directories), Margaret and Commodore Peter Madden, (Sam stayed home.), Mike Nathans (Marcia was involved in some sort of boating event), Carol and Ted Reinhold (Ted catching everyone on his tiny video camera... view the results on the web site), Marty and Joyce Suydam, Jane and Val Taliaferro (with great plans for the Spring Cruise) Tom Trump who was preparing for some more blue water sailing in his CAPE DOCTOR.

It was fascinating to talk to the Doran's guests, Hiro and Kako Matsuzaki, whom Mickey had met in 1993 when they were cruising around the world. The two couples have remained in touch since then and have been staying at the Doran's house down in Virginia while they prepare for their jump to the Azores and then Europe in the first leg of their next 4 or 5 years of extended cruising. They have returned periodically to Japan, but have lived aboard and traveled for many years.

Two last minute arrivals were Terri and David Hansel, who joined just in time to hear about the luncheon. We hope to see CORDIAL at lots of events!

As we were all finishing our delicious cheesecake, our Commodore made several official announcements and called on the folks in charge of our next events to tell us a bit about the great doings. More about that later in this newsletter.

After all the official business was done, Jeff Jordan, Co-director of the J World performance sailing school gave us a very comprehensive interactive talk on trimming the mainsail for maximum performance. Wow! We all learned a lot of things we probably hadn't thought much about before. Guess folks can put some of these tips to good use in the races that Paul Kavanaugh has lined up for the summer.

Our allotted time was up much too soon, and we all had to scoot home, with full tummies and lots of enthusiasm for the sailing season ahead. I'm sure everyone attacked the cleanup and commissioning of their beloved craft with greater gusto.
