\$ 10

PER PERSON

Please call Scott Doran at 410-757-3628  
or e-mail: [obismpm@comcast.net](mailto:obismpm@comcast.net)  
by Monday, September 29th

The address for the Providence Clubhouse is:  
260 Providence Road  
Annapolis MD  
21409

# THE LOG CANOE RACE WEEKEND BEGAN ON FRIDAY, SEPT. 7

with Bittner/Keegans, Maddens, Coons, and Hottles taking slips at MRYC. Clopps, Suydams, Doran, and Zincs were at the Maritime Museum. Russ and Margo Zinc are former members of WRSC and long-time friends of Marty and Joyce. Cocktails and dinner were held on Sea Scape since Acomes was very hard to board. Everything was good; Ken whipped up the most delicious crab cakes for all of us.

Saturday morning, we talked to the Race Committee PRO who told us to go out to the course but stay on the edges. Mickey did a great job of getting us very close to the action in spite of all the backseat drivers who had plenty of advice and warnings about pending but non-existent collisions for him. On board in the morning were: Deb Coons, Pete Madden, Mickey, Suydams, Bittner/Keegans, Kavanaugh, and the Hottles. Clopps came by dinghy from the Museum, tied on to Scudder and came aboard for the race.

We were joined at lunch by the Zincs and the Hottles' Log Canoe racing niece, her husband, and 8 month old twins. (Vanessa is not racing this year!)

In the afternoon, the Coons, the Hottles, and Mickey went out on Scudder to watch the second race of the day. The weather in the morning and afternoon had very light winds and it looked like there would be no racing. But, just enough wind came up and both races were terrific. Mickey got really close to the action, and it was great fun to watch. Tom Trump arrived in the afternoon.

Saturday dinner was also at MRYC starting with cocktails at the Dock Bar and dinner in the Dining Room. The Clopps and Suydams had found the local night time taxi service and joined us without having to make the walk to and from town.

Since the Suydams had figured out it was only a 1.5 mile walk from the club to St. Michaels and did the walk on Saturday, the Hottles walked to town for breakfast on Sunday. The Club sells block ice! and most of us loaded some on board. Scudder and Sea Scape left first, followed by Acomes, Wild Rover, and Loligo. Acomes got to Shaw Bay first, and was anchor boat for a raft of Our Time, Wild Rover, and Broad Arrow. No Maas and Halcyon single handed by new member Rich Westlake anchored separately. The weather was wonderful, with temperatures below 85! This is the start of the cruise and Prue will take over!

This report from Logan Hottle who co-ordinated this event

## THE CBC FALL CRUISE WAS FEALLY GREAT ! SUNDAY, SEPTEMBER 8

The weather for this year's fall cruise was unusually pleasant. Unlike previous year's, we didn't get any heavy rain storms or unbearable heat. Instead we had sunny, warm days in the 80's with gusts up to 30 knots. After a glorious weekend at St. Michaels watching the antique log canoe races, we continued to Shaw Bay for our overnight anchorage. Commodore Bob Clopp hosted cocktail hours on OUR TIME for that evening (and the remainder of the week) The Kavanaughs on BROAD ARROW,, Doc and Mark Johnson, on NO MAS, Marty Keegan and Peter Bittner on WILD ROVER and new member Rich Westlake, who was single handing his HALCYON were the happy hour attendees for the official start of the Fall Cruise., SCUDDER and SEA SCAPE had sailed further up the Wye to anchor in a more protected area. Mickey and the Maddens sailed for home the next dayas the rest continued on to Knapps Narrows and WILD ROVER headed home from Shaw Bay.

### MONDAY, SEPTEMBER 9

the Knapps Narrows Marina is one of our favorite marinas because of the nice facilities and continental breakfast. We had two days to relax and visit with each other on the patio of the inn. We were joined by the Coons LOLIGO making our cocktail number 9 with the Kavanaughs, Johnsons, Clopps and Rich Westlake. This evening we enjoyed a delicious dinner at Bay 100 Restaurant adjoining the inn.

### TUESDAY, SEPTEMBER 10

The next day found us in Knapp's Narrows enjoying the Marina. An extra day there due to a scheduling glitch for the Poplar Island tour allowed us to try The Bridge for dinner Tuesday. Loligo is the other Bristol on the dock along with a Beneteau, a Sabre and a Morgan and new member Rich Westlake on HALCYON. We were free to kayak, explore the area by bicycle or on foot or just visit by the pool.

After hors d'oeuvres on OUR TIME, the group walked over to the Bridge Restaurant to enjoy their Tuesday night special of \$1.00 crabs on the deck. The moon was up but didn't provide much light for those who were still picking crab in the dark at 8 pm.

### WEDNESDAY, SEPTEMBER 11

Wednesday's highlight was a morning tour of Poplar Island that we last visited in 2007. everyone. except Marge Kavanaugh who was nursing a sore back, headed to Poplar Island for the tour and education on what is happening over there. It was a gorgeous day in the 70's. Our trip began with a motor launch ride across the 6 mile stretch to Poplar Island. We were joined by 6 other passengers on a free tour to see the progress on building this nature preserve in the Bay. Boarding a small bus, we traveled the length of the island with stops along the way to see the man-made wetlands that have become refuge for many spe-

cies of fish and birds. When we returned at noon, we set sail for our next stop at Cambridge. At this point, the Coons left us for home.

We had strong winds down the Bay until we turned in the Choptank River. By 4 pm we arrived in 90' heat at the Cambridge Municipal Marina. Dinner this evening was at Jimmie and Sooks.

### THURSDAY, SEPTEMBER 12

It was a short morning sail up to Mears Yacht Haven in Oxford where we were delighted to see ACOMES and that the Hottles had rejoined us. The temperatures were still in the high 80's with predictions for thunderstorms that evening. Most of us made a beeline to the Scottish Creamery for ice cream. We had beaten the storms into Oxford and were hunkered down at the Marina enjoying the traditional Cocktail Hour. At 6 pm as we gathered for drinks on OUR TIME, the skies opened up and drove us down below to continue the party. By 7 pm the storm passed and the hundreds of ducks that had congregated in the marina started to file out to open waters.

Will and Logan Hottle and Prue and Bob Clopp ventured out into the night to enjoy dinner at Pope's Tavern, part of the Robert Morris Inn.

### FRIDAY, SEPTEMBER 13

We awoke to find the temperatures had dropped dramatically in the night. Bundled up on deck we sailed across the Bay with gusts up to 25. The adverse wind and 4 foot waves made the trip arduous. It was particularly long sail for Doc and Mark who arrived about 6 pm. Friday was a long day for them after a fast run out of the Choptank but a slow slog up the bay to the West River Sailing Association. Here Scudder joined up again. Mickey's first mate, Scott, and the Suydams along with "Charley" arrived by land yacht. We were graciously met by

Commodore Bernie Doyle of the West River Sailing Club. Commodore Bob had arranged for us to enjoy supper at their club house and use their dock for overnight. The Hottles, who are WRSC members, joined in introducing us to other WRSA members and their club's history.

### SATURDAY, SEPTEMBER 14

The next morning we all sailed to our home ports before meeting at Ted and Carol Reinhold's home for a final potluck supper. BY four p.m. there was a large gathering of long time members including Norm and Sandra Bogarde, who were just back from a two week river cruise in Europe.

(They loved it!) The gathering hosted by Ted & Carol Reinhold also included Dick & Ruth Boecker, Norm & Sandra Bogarde, Bob & Prue Clopp, Mickey & Scott Doran, Joel Gross, Tom Finnin, Will & Logan Hottle, Doc, Carol, Mark & Colleen Johnson, Paul & Marge Kavanaugh, Marty & Joyce Suydam, Val & Jane Taliaferro, and George & Clary Thomas. , Shirley Kennard stopped in for a short visit to say hello to everyone. Rich & Anne Segermark were the only members to sail in. Last Resort was the lone sailboat at anchor.

It was a sunny but cool afternoon to visit on the lawn of Ted and Carol's lovely home on the Magothy River. The group provided their own entrées plus a dish to share. It was the usual CBC culinary feast! The sun was sinking above the Magothy headwaters when the party broke up. It was a perfect event to end our annual fall cruise.
