

IT125 Final Project Grades

Final Project		5/12/2017		Total Pts=	100	Weighted Grade Total
GradesID	Component Weight-->		Grade	Comments		
00cW3Eg#	Overall Evaluation and element grade & comments at time of presentation-->	Avg	F	No work completed. Not present for Final Project presentation.		0.0%
1AJR4Eu-	Overall Evaluation and element grade & comments at time of presentation-->	Avg	A-			90.8%
	Project: Professionalism (Pro>Amateur>Beg); Innovation/Interesting/Useful; Contains all requirements/Works	50%	A-	Met all requirements. Very Good professionalism and innovation, but some not as challenging as some other student projects; Everything works except feedback form not working; bulleted items not setup correctly (css issue)		
	Presentation: Preparation (rehearsed); Message (Organized/entertaining); Time <=5 min A++ -letter grade per min longer	25%	B+	Used "like" often; Didn't sell website;		
	PowerPoint: No graphical/visual design errors (color, background, text type, bullets, images, alignment); Logical sequence (Intro, Body, Summary); Understandable (can stand alone without verbal presentation)	25%	A-	Orphaned bullets (e.g., slide 3) -- to use a bullet you must have two elements at same level, not just one;		
	Total	100%				
1CbB66m(Overall Evaluation and element grade & comments at time of presentation-->	Avg	A-			91.5%
	Project: Professionalism (Pro>Amateur>Beg); Innovation/Interesting/Useful; Contains all requirements/Works	50%	A-	Pop-up alert on form page prevents user from entering information; ContactUs page allows user to select checkbox, but no way to submit; Avoid pages that scroll (vertical) and images that get split when opened on laptop and require scrolling.		
	Presentation: Preparation (rehearsed); Message (Organized/entertaining); Time <=5 min A++ -letter grade per min longer	25%	A-	Used "uhm" often; Playing YouTube video (not imbedded in website nor PowerPoint, not useful);		
	PowerPoint: No graphical/visual design errors (color, background, text type, bullets, images, alignment); Logical sequence (Intro, Body, Summary); Understandable (can stand alone without verbal presentation)	25%	A-	Orphaned bullets (e.g., slide 6) -- to use a bullet you must have two elements at same level, not just one; Mixed font types heading & body -- serifed and non-serifed -- should only be non-serifed and same type). Spelling and spacing within text errors;		
	Total	100%				
1Hh56Jj\$	Overall Evaluation and element grade & comments at time of presentation-->	Avg	B			83.3%
	Project: Professionalism (Pro>Amateur>Beg); Innovation/Interesting/Useful; Contains all requirements/Works	50%	C	Serifed fonts - No; Site not correctly setup, nor is everything working correctly, in particular, no css within final project directory -- you had on your computer, but not uploaded to server (e.g., "<link href="file:///C:/Users/XXXXXXXX/AppData/Local/Microsoft/Windows/InetCache/Low/IE/QV46QUVQ/css/style.css" rel="stylesheet">" Note XXXXXXXXXXX substituted for your folder named with your name.		
	Presentation: Preparation (rehearsed); Message (Organized/entertaining); Time <=5 min A++ -letter grade per min longer	25%	A-	Good transition between PowerPoint and website (via link in PowerPoint); Used "uhm" often; Don't read slides		
	PowerPoint: No graphical/visual design errors (color, background, text type, bullets, images, alignment); Logical sequence (Intro, Body, Summary); Understandable (can stand alone without verbal presentation)	25%	A-	Upper/lowercase inconsistencies (e.g., slide 4); Mixed font types (serifed and non-serifed -- should only be non-serifed and same type). Bullet-text alignment on some slides not aligned correctly (e.g., slide 2).		
	Total	100%				
1PpZ7Sll #1	Overall Evaluation and element grade & comments at time of presentation-->	Avg	A	Top 3 Rated by Class		93.6%
	Project: Professionalism (Pro>Amateur>Beg); Innovation/Interesting/Useful; Contains all requirements/Works	50%	A-	Good adaptation of javajam-type site; Met all requirements. Excellent professionalism; Excellent innovation; Everything works. Audio file not working (services page); image distortion on About US page. Forms page didn't respond with data entered.		
	Presentation: Preparation (rehearsed); Message (Organized/entertaining); Time <=5 min A++ -letter grade per min longer	25%	A++	Excellent presentation -- no errors		
	PowerPoint: No graphical/visual design errors (color, background, text type, bullets, images, alignment); Logical sequence (Intro, Body, Summary); Understandable (can stand alone without verbal presentation)	25%	A-	Orphaned bullets -- to use a bullet you must have two elements at same level, not just one; Mixed font types (serifed and non-serifed -- should only be non-serifed and same type). Bullet-text alignment on some slides not aligned correctly.		
	Total	100%				
1PpZ7Snl #2	Overall Evaluation and element grade & comments at time of presentation-->	Avg	D+	Not present for Final Project presentation; but student completed assignment, on time.		67.9%
	Project: Professionalism (Pro>Amateur>Beg); Innovation/Interesting/Useful; Contains all requirements/Works	50%	A-	Good, original work; Contact menu items linked to "contact.html", but your file is named "Contact.html". Menu on top of pages should have been aligned so that it doesn't waste all the right-hand page space. Project files not organized in separate folders as instructed. Very good ordering page		
	Presentation: Preparation (rehearsed); Message (Organized/entertaining); Time <=5 min A++ -letter grade per min longer	25%	F	Not present for Final Project presentation		
	PowerPoint: No graphical/visual design errors (color, background, text type, bullets, images, alignment); Logical sequence (Intro, Body, Summary); Understandable (can stand alone without verbal presentation)	25%	B+	PowerPoint was supposed to be linked off your student website -- you emailed it to me so I was able to grade. Excellent PowerPoint, but you didn't have Requirements Compliance slide.		
	Total	100%				
1TvM7Xv'	Overall Evaluation and element grade & comments at time of presentation-->	Avg	A	Top 3 Rated by Class		95.0%
	Project: Professionalism (Pro>Amateur>Beg); Innovation/Interesting/Useful; Contains all requirements/Works	50%	A	Excellent professionalism; Excellent innovation; Everything works. Met all requirements. Form page not working (no reply after submission).		
	Presentation: Preparation (rehearsed); Message (Organized/entertaining); Time <=5 min A++ -letter grade per min longer	25%	A	Used "uhm" often; Otherwise, excellent presentation.		
	PowerPoint: No graphical/visual design errors (color, background, text type, bullets, images, alignment); Logical sequence (Intro, Body, Summary); Understandable (can stand alone without verbal presentation)	25%	A	Good PowerPoint -- the "click to add text" text box should have been deleted on Questions slide.		
	Total	100%				

Final Project		5/12/2017		Total Pts=		100			
GradesID	Component Weight-->			Grade	Comments			Weighted Grade Total	
1Wo64In	Overall Evolution and element grade & comments at time of presentation-->			Avg	A-				92.4%
	Project: Professionalism (Pro>Amateur>Beg); Innovation/Interesting/Useful; Contains all requirements/Works			50%	A-	Excellent professionalism; Excellent innovation; Everything works. Met all requirements. Serifed fonts - No (navigation page heading). Special Offers page doesn't have menu headings.			
	Presentation: Preparation (rehearsed); Message (Organized/entertaining); Time <=5 min A++ -letter grade per min longer			25%	A	Used "uhm" often; Otherwise good.			
	PowerPoint: No graphical/visual design errors (color, background, text type, bullets, images, alignment); Logical sequence (Intro, Body, Summary); Understandable (can stand alone without verbal presentation)			25%	A-	Orphaned bullets (Vision and Jobs pages) -- to use a bullet you must have two elements at same level, not just one.			
	Total			100%					
2MaI3Mt	Overall Evolution and element grade & comments at time of presentation-->			Avg	A	Top 3 Rated by Class			96.3%
	Project: Professionalism (Pro>Amateur>Beg); Innovation/Interesting/Useful; Contains all requirements/Works			50%	A	Excellent professionalism; Excellent innovation; Everything works, except audio no working on Services page; Met all requirements. Form page not working (no reply after submission). Project files not organized in separate folders as instructed.			
	Presentation: Preparation (rehearsed); Message (Organized/entertaining); Time <=5 min A++ -letter grade per min longer			25%	A++	Rehearsed, organized, and on time.			
	PowerPoint: No graphical/visual design errors (color, background, text type, bullets, images, alignment); Logical sequence (Intro, Body, Summary); Understandable (can stand alone without verbal presentation)			25%	A	Orphaned bullets -- to use a bullet you must have two elements at same level, not just one. (last slide); Could have had more in PowerPoint about website pages.			
	Total			100%					
2NmM7Qj%	Overall Evolution and element grade & comments at time of presentation-->			Avg	A	Top 3 Rated by Class			96.3%
	Project: Professionalism (Pro>Amateur>Beg); Innovation/Interesting/Useful; Contains all requirements/Works			50%	A++	Excellent professionalism; Excellent innovation; Everything works. Met all requirements.			
	Presentation: Preparation (rehearsed); Message (Organized/entertaining); Time <=5 min A++ -letter grade per min longer			25%	B	Difficulty in speaking. Faded off when speaking. Rehearsed, organized, and on time.			
	PowerPoint: No graphical/visual design errors (color, background, text type, bullets, images, alignment); Logical sequence (Intro, Body, Summary); Understandable (can stand alone without verbal presentation)			25%	A++	Well done -- you "sold" your site using the PowerPoint. No errors			
	Total			100%					
2XqT5Xz{	Overall Evolution and element grade & comments at time of presentation-->			Avg	F				18.8%
	Project: Professionalism (Pro>Amateur>Beg); Innovation/Interesting/Useful; Contains all requirements/Works			50%	F	No requirements met. This course was mostly about using CSS for webpages -- you didn't do what was required.			
	Presentation: Preparation (rehearsed); Message (Organized/entertaining); Time <=5 min A++ -letter grade per min longer			25%	C	Used "uhm" and "like" often; Needed to talk to class, not your computer.			
	PowerPoint: No graphical/visual design errors (color, background, text type, bullets, images, alignment); Logical sequence (Intro, Body, Summary); Understandable (can stand alone without verbal presentation)			25%	F	Upper/lower-case errors on slides (noted during presentation); No PowerPoint uploaded to student website and button on navigation page does not point to any PowerPoint			
	Total			100%					
2UeC3Ffl	Overall Evolution and element grade & comments at time of presentation-->			Avg	F	No work completed. Not present for Final Project presentation.			0.0%
	Total			100%					
3YcH1Jo	Overall Evolution and element grade & comments at time of presentation-->			Avg	B				85.8%
	Project: Professionalism (Pro>Amateur>Beg); Innovation/Interesting/Useful; Contains all requirements/Works			50%	A-	Good, but navigation inconsistent; No forms page; Generally good, but fading images a distraction.			
	Presentation: Preparation (rehearsed); Message (Organized/entertaining); Time <=5 min A++ -letter grade per min longer			25%	C	Somewhat scattered in presentation -- likely due to fact you were not done with project.			
	PowerPoint: No graphical/visual design errors (color, background, text type, bullets, images, alignment); Logical sequence (Intro, Body, Summary); Understandable (can stand alone without verbal presentation)			25%	B	Requirements Compliance slide (you copied and pasted the slide I gave you at end of PowerPoint) identified pages you didn't have, (e.g., audio and video was found, but then I could never find them a second time) Slide 11 should have "click to add text" deleted.			
	Total			100%					

Final Project		5/12/2017		Total Pts= 100		Weighted Grade Total
GradesID	Component Weight-->	Grade	Comments			
4RqUBFh	Overall Evolution and element grade & comments at time of presentation-->	Avg	B-			88.3%
	Project: Professionalism (Pro>Amateur>Beg); Innovation/Interesting/Useful; Contains all requirements/Works	50%	A-	"Prices" should have been capitalized in menu; Spelling errors (e.g., "When was Protech created?" Form page not working (no reply after submission)		
	Presentation: Preparation (rehearsed); Message (Organized/entertaining); Time <=5 min A++ -letter grade per min longer	25%	B	Spent too much time just talking about business and not selling website.		
	PowerPoint: No graphical/visual design errors (color, background, text type, bullets, images, alignment); Logical sequence (Intro, Body, Summary); Understandable (can stand alone without verbal presentation)	25%	B	Capitalization and text alignment poor (slides 2 & 3); Bullet-text alignment on some slides not aligned correctly. Upper/lower-case errors on slides; Could have had more in PowerPoint about website pages. Didn't have Requirements Compliance slide.		
	Total	100%				
4WmQ76t/	Overall Evolution and element grade & comments at time of presentation-->	Avg	A+	Top 3 Rated by Class		99.3%
	Project: Professionalism (Pro>Amateur>Beg); Innovation/Interesting/Useful; Contains all requirements/Works	50%	A+	Good adaptation of javajam-type site. Excellent professionalism; Excellent innovation; Everything works. Met all requirements. "Jobs" in menu should be capitalized to be consistent with other headings. Car images distorted (horizontally) - should be fixed with change in CSS.		
	Presentation: Preparation (rehearsed); Message (Organized/entertaining); Time <=5 min A++ -letter grade per min longer	25%	A++	Rehearsed, organized, and on time.		
	PowerPoint: No graphical/visual design errors (color, background, text type, bullets, images, alignment); Logical sequence (Intro, Body, Summary); Understandable (can stand alone without verbal presentation)	25%	A++	Well done -- you "sold" your site using the PowerPoint.		
	Total	100%				
4ZpH3Ku	Overall Evolution and element grade & comments at time of presentation-->	Avg	F	Not present for Final Project presentation; but student completed assignment, on time.		56.3%
	Project: Professionalism (Pro>Amateur>Beg); Innovation/Interesting/Useful; Contains all requirements/Works	50%	C	Not all requirements met. While you had a css page created you didn't have it as an instruction on your index.html page. This course was mostly about using CSS for webpages -- you didn't do what was required.		
	Presentation: Preparation (rehearsed); Message (Organized/entertaining); Time <=5 min A++ -letter grade per min longer	25%	F	Not present for Final Project presentation		
	PowerPoint: No graphical/visual design errors (color, background, text type, bullets, images, alignment); Logical sequence (Intro, Body, Summary); Understandable (can stand alone without verbal presentation)	25%	C	PowerPoint was to "sell" website not just talk about website contents; no requirement compliance slide; Orphaned bullets -- to use a bullet you must have two elements at same level, not just one.		
	Total	100%				
5NHf6Co%	Overall Evolution and element grade & comments at time of presentation-->	Avg	A+	Top 3 Rated by Class; Contrast on frames pages "Links to Projects" poor -- blue-on-green is hard to read -- no points lost, however, for this project.		97.5%
	Project: Professionalism (Pro>Amateur>Beg); Innovation/Interesting/Useful; Contains all requirements/Works	50%	A	Excellent professionalism; Excellent innovation; Everything works. Met all requirements, except 3-column page; Avoid pages that scroll (vertically) and tiled background images.		
	Presentation: Preparation (rehearsed); Message (Organized/entertaining); Time <=5 min A++ -letter grade per min longer	25%	A++	Rehearsed, organized, and on time.		
	PowerPoint: No graphical/visual design errors (color, background, text type, bullets, images, alignment); Logical sequence (Intro, Body, Summary); Understandable (can stand alone without verbal presentation)	25%	A++	Well done -- you "sold" your site using the PowerPoint.		
	Total	100%				
6NqN2Cl\$	Overall Evolution and element grade & comments at time of presentation-->	Avg	B+			89.6%
	Project: Professionalism (Pro>Amateur>Beg); Innovation/Interesting/Useful; Contains all requirements/Works	50%	B	Met all requirements. Good professionalism and innovation, but some not as challenging as some other student projects; Links on images on index.html page not working; About link not working on all pages; Everything works except feedback form not working; Mixed font types (serifed and non-serifed -- should only be non-serifed and same type); Next button on all pages not working; Need to minimize or reduce vertical scrolling and particularly on pages with pictures and video -- do not have it so user has to scroll.		
	Presentation: Preparation (rehearsed); Message (Organized/entertaining); Time <=5 min A++ -letter grade per min longer	25%	A++	Rehearsed, organized, and on time.		
	PowerPoint: No graphical/visual design errors (color, background, text type, bullets, images, alignment); Logical sequence (Intro, Body, Summary); Understandable (can stand alone without verbal presentation)	25%	B+	Mixed font types (serifed and non-serifed -- should only be non-serifed and same type). Bullet-text alignment on some slides not aligned correctly.		
	Total	100%				
6WwZ76t\$	Overall Evolution and element grade & comments at time of presentation-->	Avg	A	Top 3 Rated by Class		95.0%
	Project: Professionalism (Pro>Amateur>Beg); Innovation/Interesting/Useful; Contains all requirements/Works	50%	A	Excellent professionalism; Excellent innovation; Met all requirements; Most everything works, except neither page "Schedule with Light" s on Truck" nor "Contact" were working.		
	Presentation: Preparation (rehearsed); Message (Organized/entertaining); Time <=5 min A++ -letter grade per min longer	25%	A	Rehearsed, organized, and on time. Don't read slides;		
	PowerPoint: No graphical/visual design errors (color, background, text type, bullets, images, alignment); Logical sequence (Intro, Body, Summary); Understandable (can stand alone without verbal presentation)	25%	A	Well done -- you "sold" your site using the PowerPoint. Bullet-text alignment on some slides not aligned correctly (e.g., slide 2). Should have deleted "Click to Add Text" box on slides 9 & 11;		
	Total	100%				
7XxT4Qp)	Overall Evolution and element grade & comments at time of presentation-->	Avg	C			75.0%
	Project: Professionalism (Pro>Amateur>Beg); Innovation/Interesting/Useful; Contains all requirements/Works	50%	C	Only beginning level of web site construction competence. This course was mostly about developing and using CSS -- you didn't do it in final project. Feedback page goes to text author's site, not your site;		
	Presentation: Preparation (rehearsed); Message (Organized/entertaining); Time <=5 min A++ -letter grade per min longer	25%	C	Did not talk much about website. Not very organized nor informative about website -- job was to "sell your website".		
	PowerPoint: No graphical/visual design errors (color, background, text type, bullets, images, alignment); Logical sequence (Intro, Body, Summary); Understandable (can stand alone without verbal presentation)	25%	C	Not professional -- Not very useful. Link from Final Project navigation page goes to your javajamIO site, not a new Final Project site. Couldn't not find the PowerPoint you sued as part of class presentation. No requirements compliance slide included.		
	Total	100%				

Final Project		5/12/2017		Total Pts=		100	
GradesID	Component Weight-->			Grade	Comments	Weighted Grade Total	
80KJ8Gg	Overall Evaluation and element grade & comments at time of presentation-->			Avg	A-	Student presented during Final Project presentation session using WebEx.	92.5%
	Project: Professionalism (Pro>Amateur>Beg); Innovation/Interesting/Useful; Contains all requirements/Works			50%	B	Contrast problem -- black-on-dark blue is hard-to-read; Generally met all requirements, but Requirements Compliance side indicated audio was on "music.html", but you didn't have such a page -- but did try to install audio on "AboutUs" page, but it was not setup correctly. CSS incorrectly linked -- you had multiple instances on the same page, e.g. <link rel="stylesheet" href=".../css/finalproject.css"> <link href="css/aboutus.css" rel="stylesheet" type="text/css"> <link href="finalpage.css" rel="stylesheet" type="text/css"> <link href="css/finalpage.css" rel="stylesheet" type="text/css">	
	Presentation: Preparation (rehearsed); Message (Organized/entertaining); Time <=5 min A++ -letter grade per min longer			25%	A++	Rehearsed, organized, and on time.	
	PowerPoint: No graphical/visual design errors (color, background, text type, bullets, images, alignment); Logical sequence (Intro, Body, Summary); Understandable (can stand alone without verbal presentation)			25%	A++	Well done -- you "sold" your site using the PowerPoint.	
	Total			100%			
8XNUSHk	Overall Evaluation and element grade & comments at time of presentation-->			Avg	A+	Top 3 Rated by Class	99.3%
	Project: Professionalism (Pro>Amateur>Beg); Innovation/Interesting/Useful; Contains all requirements/Works			50%	A+	Good adaptation of javajam-type site; Excellent professionalism; Excellent innovation; Everything works. Met all requirements. "Jobs" in menu should be capitalized to be consistent with other headings. Homepage image distorted (horizontally) -- should be fixed with change in CSS;	
	Presentation: Preparation (rehearsed); Message (Organized/entertaining); Time <=5 min A++ -letter grade per min longer			25%	A++	Rehearsed, organized, and on time.	
	PowerPoint: No graphical/visual design errors (color, background, text type, bullets, images, alignment); Logical sequence (Intro, Body, Summary); Understandable (can stand alone without verbal presentation)			25%	A++	Well done -- you "sold" your site using the PowerPoint.	
	Total			100%			
9WwO3Cg#	Overall Evaluation and element grade & comments at time of presentation-->			Avg	A		93.4%
	Project: Professionalism (Pro>Amateur>Beg); Innovation/Interesting/Useful; Contains all requirements/Works			50%	A	Good adaptation of javajam-type site; Excellent professionalism; Excellent innovation; Everything works. Met almost requirements except for a form page (you indicated it was on jobs page, but that wasn't included. Need to minimize or reduce vertical scrolling.	
	Presentation: Preparation (rehearsed); Message (Organized/entertaining); Time <=5 min A++ -letter grade per min longer			25%	B+	Used "uhm" and "like" often; Should work on speaking grammar --spoken sentences often with incorrect use of English grammar.	
	PowerPoint: No graphical/visual design errors (color, background, text type, bullets, images, alignment); Logical sequence (Intro, Body, Summary); Understandable (can stand alone without verbal presentation)			25%	A	Text running off slide (slides 5 & 9);	
	Total			100%			
Letter Grade		Numerical Grade Range		Evaluation Criteria and Weighting			
A	90-100		Covers all aspects of evaluation category for a Final Project, as required. Content is superior -- A++ indicated Professional Quality				
B	80-89		Includes essential aspects of evaluation category for a Final Project, as required. Content is good. Some errors.				
C	70-79		Fulfills minimal aspects of evaluation category for a Final Project, as outlined. Content is OK. Errors.				
D	60-69		Does not fulfill minimal aspects of evaluation category for a Final Project, as outlined. Content is marginal. Numerous errors.				
F	0		Does not fulfill minimal aspects of evaluation category for a Final Project, as outlined. Content is not complete or not submitted.				
17: 5/10/2017	General Requirements: * A complete, fully-functioning e-business Website (50%) * Webpages - at least: 1 external css, 1 2-column page, 1 3-column page, 1 page w/images, 1 page w/audio, 1 page w/video, 1 page w/form (that works), 1 page w/ JavaScript, 1 page w/ jQuery (items may be on same page) * Discussion PowerPoint (~10 slides to present key features of website with one slide that identifies where each of the above requirements is located) (25%) * 5-minute Presentation -- PowerPoint will be the primary presentation media (25%)
