1AJ94E-	Overall Evaluation --->		Avg	B	Submitted on time.	84.3%
	New work will be contained in mp4 directory (folder) with three (3) separate folders, "javaJam9", "javaJam10", "javaJam11" for Chapters 9, 10, 11 tasks, respectively. MP4 link from frames page will go to a new index.html within mp4; Use javaJam8 pages as your starting point -- copy and paste into the mp4 "javaJam9" folder directory with Interactive Buttons.	10%		F	Not setup correctly in accordance with instructions -- new images not saved in images folder; no js, and data folders (the latter is key to having form work). No PHP page created.	
	Configure the CSS & add comments on each group of changed instructions (Chapter 9, Task 2)	10%		A++	javaJam.css set up correctly	
	Create the Jobs page & add comments on each group of changed instructions (Chapter 9, Task 3)	10%		A++	PERFECT	
	Configure HTML5 Forms Controls & add comments on each group of changed instructions (Chapter 9, Task 4)	10%		C	javaJam9 files not set up correctly -- no css, js, data folders -- Job.html will not work without them.	
	Create an index.html page within javaJam10 folder with the heading "Final Project Proposal Site" and include the following three (3) buttons: Project Home Page, Website Plan, Proposal PowerPoint	10%		A++	PERFECT	
	Create a prototype Final Project homepage	10%		A++	Good start - simple page.	
	Prepare a Plan for Project, Website Layout (homepage only), and Testing (MS Word document) Use template. (Chapters 5 & 10, Web Project, Part 2)	5%		C	Website Webpage Wireframe diagram not created in accordance with instructions, but you made a start. Test plan not changed from original provided.	
	Create a 2-slide PowerPoint Project Presentation Outline	5%		A++	Excellent, no issues with design, style, and content.	
	Create a audio folder within javaJam11, download, extract files at this link: javaJam1starter.zip, and place in audio folder. (Chapter 11, Task 1)	10%		B	javaJam11 site NOT setup correctly -- you do have audio folder, but not css, js, nor data folders.	
	Configure the CSS & add comments on each group of changed instructions (Chapter 11, Task 2)	10%		A++	PERFECT	
	Update the Music page & add comments on each group of changed instructions (Chapter 11, Task 3)	10%		A	Image error noted in MP3 still not correct, otherwise, well done.	
	Total	100%				
1Cb86m-	Overall Evaluation --->		Avg	A-	Submitted on time. Frames pages still need to have font type changed to a font that is sans serif.	90.7%
	New work will be contained in mp4 directory (folder) with three (3) separate folders, "javaJam9", "javaJam10", "javaJam11" for Chapters 9, 10, 11 tasks, respectively. MP4 link from frames page will go to a new index.html within mp4; Use javaJam8 pages as your starting point -- copy and paste into the mp4 "javaJam9" folder directory with Interactive Buttons.	10%		B	Not setup in accordance with instructions buttons saved outside folders, folder: javaJam9 all new images not in images folder; you have folders inside folders (many duplicates). NO css folder.	
	Configure the CSS & add comments on each group of changed instructions (Chapter 9, Task 2)	10%		A-	javaJam.css set up correctly. No comments.	
	Create the Jobs page & add comments on each group of changed instructions (Chapter 9, Task 3)	10%		A-	Setup correctly. No comments.	
	Configure HTML5 Forms Controls & add comments on each group of changed instructions (Chapter 9, Task 4)	10%		A-	PERFECT	
	Create an index.html page within javaJam10 folder with the heading "Final Project Proposal Site" and include the following three (3) buttons: Project Home Page, Website Plan, Proposal PowerPoint	10%		C	Not setup correctly -- because of folders-in-folders problem requires using second page button for Project Plan to access document.	
	Create a prototype Final Project homepage	10%		B	Good start, but no css style sheet.	
	Prepare a Plan for Project, Website Layout (homepage only), and Testing (MS Word document) Use template. (Chapters 5 & 10, Web Project, Part 2)	5%		A-	Project description and Website Webpage Wireframe diagram good; Test plan not changed from original provided.	
	Create a 2-slide PowerPoint Project Presentation Outline	5%		A++	Excellent, no issues with design, style, and content.	
	Create a audio folder within javaJam11, download, extract files at this link: javaJam1starter.zip, and place in audio folder. (Chapter 11, Task 1)	10%		A++	javaJam11 site setup correctly.	
	Configure the CSS & add comments on each group of changed instructions (Chapter 11, Task 2)	10%		A-	Setup correctly. No comments.	
	Update the Music page & add comments on each group of changed instructions (Chapter 11, Task 3)	10%		A-	Image error noted in MP3 still not correct, otherwise, well done. No comments.
